					1. Enter data into field "List of places" yourself	2.Could not enter data in field "List of places" yourself	

Table to check the filling of "Select place" and "List of places" fields at the following filtering methods

Entity (Filter type)	Filtering methods in fields															
Choose type of place	☑	☐	☑	☐		☐	☑	☑	☑	☐	☐	☐	☑	☑	☑	☐
Choose amount of person	☑	☐	☐	☑		☐	☑	☐	☐	☑	☑	☐	☑	☐	☑	☑
Choose country	☑	☐	☐	☐		☑	☐	☐	☐	☑	☑	☑	☑	☐	☑	☑
Choose city	☑	☐	☐	☐		☐	☑	☐	☐	☐	☑	☑	☐	☑	☑	☑

Expected behavior in the field "Select place"

| Select place | The data in the field "Select place" is available for selection | The data in the field "Select place" is available for selection | The data in the field "Select place" is available for selection | The data in the field "Select place" is available for selection | The data in the field "Select place" is available for selection | The data in the field "Select place" is available for selection | The data in the field "Select place" is available for selection | The data in the field "Select place" is available for selection | The data in the field "Select place" is available for selection | The data in the field "Select place" is available for selection | The data in the field "Select place" is available for selection | The data in the field "Select place" is available for selection | The data in the field "Select place" is available for selection | The data in the field "Select place" is available for selection | The data in the field "Select place" is available for selection | The data in the field "Select place" is available for selection |

Actual behavior in the field "Select place"

| Select place | The data in the field "Select place" is available for selection | The data in the field "Select place" is available for selection | The data in the field "Select place" is available for selection | The data in the field "Select place" is available for selection | There is no choice | The data in the field "Select place" is available for selection | The data in the field "Select place" is available for selection | There is no choice | The data in the field "Select place" is available for selection | There is no choice | The data in the field "Select place" is available for selection | The data in the field "Select place" is available for selection | The data in the field "Select place" is available for selection | There is no choice | The data in the field "Select place" is available for selection |

Expected behavior in the field "List of places"

| List of places | There are places corresponding to the selected criteria. The data in the field "List of places" is same with the data from drop-down list in the field "Select place" | There are places corresponding to the selected criteria. The data in the field "List of places" is same with the data from drop-down list in the field "Select place" | There are places corresponding to the selected criteria. The data in the field "List of places" is same with the data from drop-down list in the field "Select place" | There are places corresponding to the selected criteria. The data in the field "List of places" is same with the data from drop-down list in the field "Select place" | There are places corresponding to the selected criteria. The data in the field "List of places" is same with the data from drop-down list in the field "Select place" | There are places corresponding to the selected criteria. The data in the field "List of places" is same with the data from drop-down list in the field "Select place" | There are places corresponding to the selected criteria. The data in the field "List of places" is same with the data from drop-down list in the field "Select place" | There are places corresponding to the selected criteria. The data in the field "List of places" is same with the data from drop-down list in the field "Select place" | There are places corresponding to the selected criteria. The data in the field "List of places" is same with the data from drop-down list in the field "Select place" | There are places corresponding to the selected criteria. The data in the field "List of places" is same with the data from drop-down list in the field "Select place" | There are places corresponding to the selected criteria. The data in the field "List of places" is same with the data from drop-down list in the field "Select place" | There are places corresponding to the selected criteria. The data in the field "List of places" is same with the data from drop-down list in the field "Select place" | There are places corresponding to the selected criteria. The data in the field "List of places" is same with the data from drop-down list in the field "Select place" | There are places corresponding to the selected criteria. The data in the field "List of places" is same with the data from drop-down list in the field "Select place" | There are places corresponding to the selected criteria. The data in the field "List of places" is same with the data from drop-down list in the field "Select place" |

Actual behavior in the field "List of places"

| List of places | There are places corresponding to the selected criteria. The data in the field "List of places" is same with the data from drop-down list in the field "Select place" | There are places corresponding to the selected criteria. The data in the field "List of places" is same with the data from drop-down list in the field "Select place" | There are places corresponding to the selected criteria. The data in the field "List of places" is same with the data from drop-down list in the field "Select place" | There are places corresponding to the selected criteria. The data in the field "List of places" is same with the data from drop-down list in the field "Select place" | There are places corresponding to the selected criteria. The data in the field "List of places" is same with the data from drop-down list in the field "Select place" | - | There are places corresponding to the selected criteria. The data in the field "List of places" is same with the data from drop-down list in the field "Select place" | There are places corresponding to the selected criteria. The data in the field "List of places" is same with the data from drop-down list in the field "Select place" | - | The data in the field "Select place" is available for selection | - | There are places corresponding to the selected criteria. The data in the field "List of places" is same with the data from drop-down list in the field "Select place" | There are places corresponding to the selected criteria. The data in the field "List of places" is same with the data from drop-down list in the field "Select place" | There are places corresponding to the selected criteria. The data in the field "List of places" is same with the data from drop-down list in the field "Select place" | - | There are places corresponding to the selected criteria. The data in the field "List of places" is same with the data from drop-down list in the field "Select place" |
